# PLAN OF THE MONTH

The Plan of the Month is an official document of JAKE GARN SQUADRON. Its contents reflect current orders of the Commanding Officer and official unit announcements. All Division personnel are responsible for reading and understanding the information contained herein. Parents and guardians of Cadets are encouraged to read the Plan of the Month and to make note of meeting days and special announcements that may affect personal schedules.

| | | 1450 | End of day formation |
| | | 1500 | Dismiss |

**Notes: Cadets MUST bring a reusable water bottle or Camelback Hydration System and sack lunch both days (we are eliminating plastic water bottles)!**

**CHOW:** Cadets are required to bring a sack lunch for chow Sunday. Cadets may bring a lunch or money to purchase lunch Saturday at the show, if desired. There is not enough time Sunday for cadets to leave the premises to get lunch.

*Watch: Cadets scheduled for morning watch will show up to drill in NWUs (**all other cadets will show up in P/T uniform**). The cadets scheduled for Saturday and Sunday watch will be notified prior to drill

**ENROLLMENT FEES:** The cost of re-enrollment is **$175.00**. If you are coming up on your re-enrollment date, please ensure you coordinate renewal with the Executive Officer. The new fee to join the program is **$240.00**

**ATTENDANCE:** NSCC Regulations state that you must attend 75% of all scheduled drills. That is four of six drills per quarter. If you do not meet this standard, you will be administratively warned. If you continue to fail to meet minimum attendance standards, you will be discharged from the NSCC/NLCC. IF you are going to miss a portion of or all of drill, the CO is required to know BEFORE drill. Credit for the drill is dependent on when you report to the unit each day.

**PRT REQUIREMENTS:** PRT Requirements can be found here:
http://homeport.seacadets.org/display/Manuals/Physical+Readiness+Manual

You can look up male/female and by age to see what is required for each exercise. It also shows the proper technique.

**COURSEWORK** - All Cadets are required to turn in at least one (1) coursework assignment per drill. A reminder to those Cadets who have successfully completed Recruit Training: your advancement to E-2 will be delayed until you complete the BMR. Please email the Training Officer if you have any questions.

**CADET LEADERSHIP** - We will be working with our leading cadets to give them opportunities to lead within the unit. This will include but is not limited to: partnering with a cadet for studying/test prep, teaching a cadet a specific skill, conducting a 2-hour interactive training on a specific topic to unit, helping a cadet create 2-hour interactive training, etc.

**RECRUITING** - One of our greatest needs at the moment is to grow our numbers of cadets AND adult leadership. With this, the officers and cadets will start talking to those with interest and/or military experience that could benefit from our program or give back to our program in quality ways.

**COMMUNITY INVOLVEMENT** - We would like to increase our community involvement and awareness of our squadron. We will be reaching out to the local VA hospital to do visits, increasing our exposure at local events like football games, coordinating with military groups or businesses that have a desire to give back to our youth!

We look forward to hearing from you of any ideas you have where our faces and name can be shared!

**PARENT AUXILIARY**- We want you to be more involved with what we do as a unit. There are several opportunities that our auxiliary can support us: fundraising coordination/follow through, meal planning for overnight drills, year-end celebration, etc. We would like to have your expertise enhance your cadet's experience within the unit! We will be reaching out to you individually over the coming months.
